

ACLET CLOSE NURSERY SCHOOL

FEEDBACK FROM SPECIAL LADIES STAY & PLAY: DATES 25.3.19 & 29.3.19

1) Why did you attend this stay and play session?

**25.3.19**

To see (my child) play in the nursery environment and spend some time with her.

To play with (my Grandson) and to see his friends and staff.

For Mothers' Day.

To spend time with my son in his new nursery setting and to see how he explores his new surroundings.

**29.3.19**

To play with (my child).

To spend quality time with (my child) to also see what he likes to do the most.

Because I like spending time with my daughter. See what she likes to do in nursery.

To spend time watching my son play with peers.

Because it's always nice to see (my child) having fun at nursery.

To spend time with all the children and to see the activities.

When the invitation arrived it seemed like a very good idea.

Seeing what the children get up to at nursery.

2) What Went Well? Is there anything you particularly liked or appreciated during your visit?

**25.3.19**

Colouring in and playing outside.

Everything went very good.

That the staff took an interest in the parents as well as the children.

It was lovely to see him in this environment and getting an insight as to what he gets up to when I'm not there. It was lovely and relaxed, nothing too structured and planned and I thought the raffle ticket/gift idea was lovely and a nice touch.

**29.3.19**

Arts and crafts, play and books.

Very comfortable surroundings. Always leave with a smile.

Was happy to see all these smiley faces. Play with her.

Lots of Mams turned up, it's a lovely way to make Mothers feel special. Lots of different activities to do.

Having my hands free and playing with the cars and outside. (we held the baby)

Mud kitchen was enjoyed by both adults and children. Also the garden area.

The weather was bright and sunny which meant we could spend a lot of time outside enjoying the mud kitchen, the rickety bridge and other wonderful outdoor areas.

Playing together with the kids.

4) Even Better If... How could we improve/change our stay and play session?

**25.3.19**

Nothing  
We both enjoyed the afternoon.  
Maybe more space to do activities.  
Sign posts on each area stating what the activity is and what to do? Although I do understand that some of the activities are/can be children led.

Send out a map/outline plan of the outside area to guest's before-hand so that they can plan and think about what they might do with children before-hand.  
No issues.

Always a pleasure to deal with.

Thank you.

Thank you for let me stay and play with her.

Would recommend here to anyone. I feel my child has learned so much and loves all of his teachers.

As a parent I feel like I can always chat to staff.
