

ACLET CLOSE NURSERY SCHOOL

FEEDBACK FROM SPOOKY STAY AND PLAY: 21.10.2025 and 23.10.2025

1) Why did you attend this stay and play session?

I love seeing L at nursery with all his friends and I love being invited in for stay and play as I can chat with the teachers a bit more than I can at handover

To see how my child is getting on at nursery and to spend some time with him in his happy place

The stay and play session allows me spending some more time to play with my child, it improves my relationship with my child. I could see my child's social and personal growth. Through the session I could observe the activities she engaged with every day

To bond with my daughter, to see how she is in nursery and what she gets up to

To spend time together in the nursery environment

To spend time with F playing

To spend time with my Granddaughter and to see the Nursery

To have fun with my Granddaughter

2) What Went Well? Is there anything you particularly liked or appreciated during your visit?

L loves being in the big yard playing on the slide with his friends. He also loves the creative activities set up. Appreciate the pumpkin he got to bring home too

Lots of lovely activities to do together

The session was well conducted and all of the preparations went really well. I really would like to appreciate everyone in person who looks after each child like their own.

The activities, play stations are really good which will enhance each child's ability. I am very glad to see the safety measures used especially while they play in water

Loved decorating Halloween activities. Loved being able to explore outside with her as I know she loves to do that

Think you have thought of everything well done

Practical support in relation to our area of deprivation and sustainable change to family dynamics. Some of our families have low expectations and limited life experiences.
